AKGÜN GROUP

Since 1925...

As one of Turkey's most reputable and powerful industrial groups, Akgün Group of Companies began its journey to success in 1925 with brick production. Since its foundation, the Group has invested in industries utilizing soil-based raw materials and has grown predominantly in these fields, reaching its distinguished position today.

Constantly embracing growth and innovation, Akgün Group of Companies has adopted the principle of "Excellence in everything we do." With companies that employ modern technologies and possess strong design capabilities, the Group has become a pioneer in its sectors, setting new standards in every field.

As a family-owned company, Akgün Group of Companies strengthens its corporate identity and culture among its employees, taking pride in its investments, the employment it provides, and the achievements it has realized.

Today, the Group operates 19 factories with more than 5,000 employees and exports to 57 countries. The United States, Germany, the United Kingdom, the Netherlands, Belgium, Greece, Bulgaria and the Balkans, Africa, and the Middle East are among the key export markets.

With its strong reputation, brand image, and extensive knowledge of the Turkish market, Akgün Group of Companies has continued to expand in its core business areas, making significant contributions to the Turkish economy in building materials, automotive, insurance, logistics, and energy sectors.

Since 1925, we take pride in our industrial identity and continue to look to the future with confidence.

1925

The foundations of our group were laid with the start of brick production by Süleyman Akgün.

1975
